## TABLE OF CONTENTS

---

|  | <u>Page</u> |
|--|-------------|
| <b>VOLUME I</b>  |             |
| I. INTRODUCTION.....                                   | 1           |
| II. SUMMARY .....                                      | 3           |
| III. PROJECT DESCRIPTION .....                         | 103         |
| IV. OVERVIEW OF ENVIRONMENTAL SETTING .....            | 151         |
| V. ENVIRONMENTAL IMPACT ANALYSIS .....                 | 184         |
| A. Aesthetics .....                                    | 184         |
| B. Air Quality.....                                    | 223         |
| C. Cultural Resources .....                            | 279         |
| D. Geology and Soils .....                             | 325         |
| E. Hazards and Hazardous Materials .....               | 342         |
| F. Hydrology .....                                     | 392         |
| G. Water Quality .....                                 | 408         |
| H. Land Use and Planning .....                         | 430         |
| I. Noise .....   | 494         |
| J. Employment, Housing and Population .....            | 556         |
| 1. Employment .....                                    | 556         |
| 2. Housing.....  | 572         |
| 3. Population .....                                    | 590         |
| <b>VOLUME II</b>                                       |             |
| K. Public Services .....                               | 597         |
| 1. Police Protection .....                             | 597         |
| 2. Fire Protection and Emergency Medical Services..... | 610         |
| 3. Schools .....                                       | 627         |
| 4. Recreation .....                                    | 637         |
| 5. Libraries.....                                      | 655         |
| L. Transportation/Circulation and Parking .....        | 664         |

**TABLE OF CONTENTS (CONTINUED)**

---

|  | <u>Page</u> |
|--|-------------|
| M. Utilities .....   | 730         |
| 1. Water .....   | 730         |
| 2. Sewer .....   | 754         |
| 3. Solid Waste .....   | 765         |
| 4. Energy.....   | 784         |
| VI. ALTERNATIVES .....   | 799         |
| A. Introduction .....  | 799         |
| B. Alternatives Analysis .....   | 814         |
| 1. No Project/No Build Alternative .....   | 814         |
| 2. No Project/Development In Accordance with Existing Plans<br>Alternative .....                       | 826         |
| 3. Reduced Intensity Alternative .....   | 844         |
| 4. Non-Residential Alternative .....   | 867         |
| 5. Alternative Site .....  | 884         |
| C. Environmentally Superior Alternative .....  | 886         |
| VII. OTHER ENVIRONMENTAL CONSIDERATIONS .....  | 888         |
| A. Significant Unavoidable Impacts .....   | 888         |
| B. Potential Significant Effects Associated with Implementation of Project<br>Mitigation Measures..... | 896         |
| C. Significant Irreversible Changes .....  | 903         |
| D. Growth-Inducing Impacts .....   | 905         |
| VIII. PERSONS CONTACTED, REFERENCES, AND PREPARERS .....   | 910         |
| A. Report Preparation.....   | 910         |
| B. Agencies Consulted.....   | 914         |
| C. References .....  | 918         |
| D. Acronyms.....   | 929         |

**Appendices**

- Appendix A** Mitigation Monitoring Program
- Appendix B** Project Features
- Appendix C** Notice of Preparation, Initial Study, Notice of Preparation Comment Letters, Scoping Meeting Transcript

---

## TABLE OF CONTENTS (CONTINUED)

---

### VOLUME III

- Appendix C** NOP Comment Letters (2001)  
(Continued)
- Appendix D** Construction and Operational Emission Calculation Methodologies and Air Quality Worksheets

### VOLUME IV

- Appendix E** Health Risk Assessment
- Appendix F** Archaeological Resources Assessment
- Appendix G** Historic Resources Technical Report
- Appendix H** Preliminary Geotechnical Investigation and Geologic Hazard Evaluation
- Appendix I** Grading Memorandum
- Appendix J** Report on Potential Hazards Relative to the Long Beach Airport Operations
- Appendix K** Environmental Assessment and Remediation Program Summary
- Appendix L** Phase I Environmental Site Assessment Report
- Appendix M** Drainage Master Plan Study

### VOLUME V

- Appendix N** Surface Water Quality Study
- Appendix O** Overview of Regional Groundwater and Surface Water Conditions in the Vicinity of Boeing Realty Corporation's Former C-1 Facility
- Appendix P** Noise Assessment Technical Report
- Appendix Q** Traffic Impact Study Report
- Appendix R** Water Master Plan Study
- Appendix S** Water Supply Assessment
- Appendix T** Sewer Master Plan Study
- Appendix U** Research of Solid Waste Impact Thresholds
- Appendix V** Energy Technical Report

---

## LIST OF FIGURES

---

| <b><u>Figure</u></b>  | <b><u>Page</u></b> |
|---|--------------------|
| 1 Regional Location Map .....   | 104                |
| 2 Project Vicinity Map .....  | 105                |
| 3 Aerial Photograph .....   | 109                |
| 4 Land Use Diagram .....  | 117                |
| 5 Illustrative Site Plan .....  | 118                |
| 6 Proposed Commercial Zoning Map .....  | 120                |
| 7 Conceptual Land Use Plan .....  | 121                |
| 8 Possible Locations of SCE Substation .....  | 124                |
| 9 Proposed Circulation Plan and Street Section Key .....                                | 127                |
| 10 Conceptual Street Layouts and Building Setbacks .....                                | 129                |
| 11 Conceptual Street Layouts and Building Setbacks .....                                | 130                |
| 12 Conceptual Street Layouts and Building Setbacks .....                                | 131                |
| 13 Conceptual Street Layouts and Building Setbacks .....                                | 132                |
| 14 Building Height Zones .....  | 135                |
| 15 Building Height Sections .....   | 136                |
| 16 Commercial Development Prototypes .....  | 138                |
| 17 Low to Medium Density Residential Development Prototypes .....                       | 139                |
| 18 Medium to High Density Residential and Retail Development Prototypes .....           | 140                |
| 19 Setback Plan .....   | 142                |
| 20 On-Site Commercial Infrastructure Phasing Plan .....                                 | 146                |
| 21 Related Projects Location Map .....  | 164                |
| 22 Site Photographs .....   | 186                |
| 23 Site Photographs .....   | 187                |
| 24 Site Photographs .....   | 188                |
| 25 Proposed Landscaping Around the Enclave .....  | 197                |
| 26 Section of Proposed Residential Development along Carson Street .....                | 204                |
| 27 Existing and Conceptual Views from Carson Street and Lakewood<br>Boulevard .....     | 207                |
| 28 Existing and Conceptual Views from Carson Street near Lakewood<br>Country Club ..... | 208                |
| 29 Existing and Conceptual Views Along Carson Street East of 1 Street .....             | 209                |
| 30 Existing and Conceptual Views from Paramount Boulevard and Cover<br>Street .....     | 210                |
| 31 Existing and Conceptual Views from Lakewood Boulevard at Conant<br>Street .....      | 211                |
| 32 Intersections Analyzed for Local CO Impacts .....                                    | 253                |
| 33 Cultural Resources Survey Study Area .....   | 294                |

---

## LIST OF FIGURES (CONTINUED)

---

| <b><u>Figure</u></b> | <b><u>Page</u></b>  |
|----------------------|---|
| 34                   | Archaeological Resources Sensitivity Map .....297   |
| 35                   | Potential Historic District .....302  |
| 36                   | Major Regional Faults .....328  |
| 37                   | Liquefaction Hazard Zones .....330  |
| 38                   | Long Beach Airport Oil Field and Well Locations .....346  |
| 39                   | Groundwater and Soil Vapor Sample Locations that include<br>Methane Sampling .....348   |
| 40                   | Environmental Investigation Areas .....353  |
| 41                   | Soil Boring Locations .....354  |
| 42                   | Relevant Airport Layout Plan Components in Project Vicinity .....362  |
| 43                   | Illustration of FAA Height Contours and Section Key Plan .....366   |
| 44                   | Compatibility Associated with Runway 16L/34R.....381  |
| 45                   | Compatibility Associated with Runway 25R/7L .....382  |
| 46                   | Watershed Areas and Existing Storm Drain System.....394   |
| 47                   | Existing and Proposed Storm Drain Systems .....396  |
| 48                   | Existing General Plan Land Use Map.....431  |
| 49                   | Existing Zoning Map .....432  |
| 50                   | 65 dB and 70 dB CNEL Contours-Noise Ordinance Budget Limits and<br>Enforcement Limits with 41 Air Carrier Flights per Day.....501 |
| 51                   | Land Use Compatibility for Community Noise.....504  |
| 52                   | SENEL Contours for A-320 and MD-80 (Typical Hypothetical Departure<br>from Runway 12/30) .....510                                 |
| 53                   | Off-Site Noise Measurement and Analysis Locations .....511  |
| 54                   | Boeing 717 Engine Run-Up Noise and Proposed Residential Uses .....526   |
| 55                   | Airport Compatibility with Future Proposed Project Land Uses.....536  |
| 56                   | Housing Growth.....576  |
| 57                   | Jurisdictions within 5-Miles of Project Site .....585   |
| 58                   | Police Station Locations, Patrol Districts, and Primary Access Routes<br>to Project Site .....598                                 |
| 59                   | Fire Stations Responding to the Project Site .....612   |
| 60                   | Location of Schools within Long Beach Unified School District .....628  |
| 61                   | Parks and Recreation Facilities within Approximately 1-mile Radius<br>of the Project Site .....639                                |
| 62                   | Location of Nearby Library Facilities.....656   |
| 63                   | Study Intersections and CMP Locations .....666  |
| 64                   | Project Area Transit Services.....685   |
| 65                   | Existing Bikeway Facilities in the City of Long Beach.....686   |
| 66                   | Proposed ATCS/Intersection Improvement Locations .....717   |
| 67                   | Proposed Domestic Water System .....741   |

## LIST OF TABLES

---

| <u>Table</u> | <u>Page</u>  |
|--------------|--|
| 1            | Comparison of November 2002 Nop With Previous Project Proposals ..... 112  |
| 2            | Pacificcenter @ Long Beach Proposed Land Use Program ..... 123   |
| 3            | Related Projects Description ..... 160   |
| 4            | SCAQMD Significance Thresholds ..... 168   |
| 5            | Ambient Air Quality Standards ..... 225  |
| 6            | South Coast Air Basin Attainment Status ..... 227  |
| 7            | Pollutant Standards And South Los Angeles County Coastal Monitoring<br>Station (Long Beach) Ambient Air Quality Data ..... 235   |
| 8            | SCAQMD Significance Thresholds ..... 239   |
| 9            | Project-Related Maximum Daily Regional Construction Emissions ..... 244  |
| 10           | Local Air Quality Construction Impacts ..... 246   |
| 11           | Project-Related Operational Emissions (Pounds Per Day) ..... 251   |
| 12           | Concurrent Operation And Construction Emissions ..... 252  |
| 13           | Weekday Traffic Local Area Carbon Monoxide Dispersion Analysis ..... 255   |
| 14           | SCAQMD Listed Facilites Within One-Quarter Mile of Proposed<br>Residential Uses at the Project Site That Have the Potential To Generate<br>Hazardous and Acutely Hazardous Air Emissions ..... 259 |
| 15           | Project Cumulative Air Quality Impacts ..... 267   |
| 16           | Project-Related Regional Construction Emissions (Mitigated) ..... 276  |
| 17           | Local Air Quality Construction Impacts (Mitigated) ..... 277   |
| 18           | Properties Surveyed Within the Study Area ..... 300  |
| 19           | Potential Historic District ..... 304  |
| 20           | Proposed Testing Program ..... 314   |
| 21           | Long Beach Municipal Airport Runway Characteristics ..... 360  |
| 22           | Proposed Storm Drain System A ..... 402  |
| 23           | Recent and Proposed Peak Flow Conditions ..... 404   |
| 24           | Common Sources of Pollutants in Urban Runoff ..... 410   |
| 25           | General Characterization of the Aquifers and Aquitards Beneath the<br>Project Site ..... 414   |
| 26           | Comparison of Development Standards in the Adopted PD-19 Ordinance<br>and the Proposed General Content of the PD-32 Ordinance ..... 461  |
| 27           | Analysis of Project Consistency With SCAG RCPG Policies ..... 476  |
| 28           | Exterior Noise Limits ..... 498  |
| 29           | Interior Noise Limits ..... 499  |
| 30           | Long Beach Municipal Airport Runway Characteristics ..... 508  |
| 31           | Noise Monitoring Data For Long Beach Airport Station No. 14 ..... 509  |
| 32           | Long Beach Municipal Airport Helicopter Characteristics ..... 513  |

---

| <u>Table</u>  | <u>Page</u> |
|---|-------------|
| 33 Ambient Noise Measurement Data .....   | 516         |
| 34 Predicted Existing Vehicular Traffic Noise Levels .....  | 518         |
| 35 Construction Equipment Maximum Noise Levels .....  | 529         |
| 36 Outdoor Construction Noise Levels With Mufflers .....  | 531         |
| 37 Highest Estimated $L_{eq}$ Construction Noise Levels at Receptor Locations<br>(During Heaviest Periods of Construction Activity For One-Hour Period) ..... | 531         |
| 38 Predicted Future Traffic Noise Levels—Project Buildout (2020) .....  | 533         |
| 39 Jobs Lost 1990-1994 and Degree of Recovery By 2000 .....   | 558         |
| 40 Projected Employment Growth From 2000 To 2020 .....  | 560         |
| 41 Analysis of Project Consistency With SCAG RCPG Policies .....  | 563         |
| 42 Estimated Maximum Workforce Generation .....   | 566         |
| 43 Estimated Minimum Workforce Generation .....   | 567         |
| 44 Employment Impacts .....   | 570         |
| 45 Housing Changes: 1990-2000 .....   | 573         |
| 46 Long Beach Building Permit Activity .....  | 575         |
| 47 Household Growth Projected By SCAG 2001 RTP .....  | 577         |
| 48 Long Beach Housing Growth, 2003-2020 .....   | 581         |
| 49 PacifiCenter Estimated Employee Relocation Based on Most intensive<br>Employment Development Scenario .....  | 582         |
| 50 2000 Census Travel Time To Work Los Angeles County Workers 16 Years<br>and Over .....  | 584         |
| 51 Population Changes: 1990-2000 .....  | 591         |
| 52 Population Growth Projected By SCAG .....  | 592         |
| 53 Estimated Unit Mix and Occupancy For Proposed Residential Development<br>Schemes .....   | 594         |
| 54 Fire Protection and Emergency Medical Service Resources in the Project<br>Vicinity .....   | 613         |
| 55 Long Beach Unified School District Growth By School Grade Level From<br>Fiscal Year 1998-1999 To Fiscal Year 2001-2002 .....                               | 629         |
| 56 Capacity in Long Beach Unified School District Using State Definitions of<br>Available Classrooms .....  | 630         |
| 57 Student Generation Rates By Housing Type .....   | 634         |
| 58 Projected Students By Grade-Level at Build-Out .....   | 634         |
| 59 Projected Students By Grade-Level at Build-Out With Private School Factor<br>Added .....   | 635         |
| 60 Cities of Long Beach and Lakewood Parks and Recreation Facilities in the<br>Project Vicinity (Within Approximately One Mile of the Project Site) .....     | 640         |
| 61 Library Facilities Serving the Project Site .....  | 658         |
| 62 Level of Service Definitions For Signalized Intersection .....   | 670         |
